

The following amends and corrects information contained in the Covered California Provider Education Grant Program Application released on June 27, 2013.

1. Attachment A.2.3 – This section states that organizations that have received Covered California Outreach and Education Grant Funding or HRSA Grant Funding are not eligible to participate as a lead or a subcontractor in this grant. Organizations that received a HRSA Grant **are** eligible to apply as a lead or a subcontractor for this grant program. See attached updated Attachment A. Disregard the original statement in the electronic application.
2. Page 23, Section 7.3.1; and Page 28, Section 7.4.6 – Attachment B.3 is listed as “Education Work Plan.” This document is listed as the “Outreach and Education Activity Worksheet” on the electronic application.
3. Outreach and Education Activities are defined as: Outreach activities are high-level, brief touches to increase awareness about Covered California, and should last approximately 5 minutes. Education activities contain more in-depth program information and should last 15 minutes or more depending on the format.
4. Attachment B.3 – please see the attached updated Education Work Plan / Outreach Education Activity Worksheet, which includes an additional column for the proposed number of healthcare professionals reached through outreach activities for each proposed work plan item. This column should only be filled in if the proposal includes outreach messaging.
